

HILL ROD AND GUN PRESENTS

THE 15th ANUAL

'Nimrod Classic'

This June 1&2 , 2019

Place: **Gallatin Sporting Clays**
Logan Montana
(Between Bozeman and Three Forks MT.)

Howdy Folks,

Once again I would like to welcome all of you back to Bozeman for what will be our 15th annual vintage clays shoot.

Thank you to Cabelas of Missoula for solely sponsoring our prizes this year and thanks to Chris Nelson for having a hand in the prize selection process.

You will find the Gallatin Sporting Clays course to be a beautiful setting if this is your first visit. However it is a more primitive setting ie tents and port-a-potties will replace the solid structure club house and it amenities found in Polson. Again for a nominal fee, lunch will be available on Saturday.

As for registration, we're again using this somewhat condensed 'mailer'. Accordingly, those of you with friends wishing to attend for the first time, should advise them to call us at their earliest convenience so that we may get our registration information out to them ... (406) 585-2228. As with all previous shoots, priority status for vacancies will be given to those wishing to enter with 'vintage' guns. The definition of what constitutes 'vintage' is found here on Page 4.

It's also important to remember our 'first come, first served' policy is still in effect, and we are asking shooters to register for any of the week-end's scheduled events as early as possible in to order to secure their squadding preferences.

Further, any fees collected from an individual who must subsequently **cancel** will be '*refunded in full*' **IF** that is done 30 days prior to our shoot date of June 1st. A **cancellation** made less than 30 days prior will result in a 50% refund, with all fees being forfeited for **cancellations** made after May 30th.

Lastly, I look forward once again to seeing all the familiar faces along with new ones come June.

Kind Regards,

Charlie Pflieger

Reminder:

!! For SAFETY sake, we're again asking that all participants shoot with vetted (i.e. checked-out) guns known to be in good-working order !!

PUMP GUNNERS!! Please taken notice that last year the Rules Committee changed the vintage cut off (previously 1941) to '1950'. The reason for the change is to include both the Remington M11-48, a long-recoil-action semi-auto, and the venerable Remington Model 870 that initially came out in 1950. Please note that this does not include the Remington 870 "Express" guns first issued in 1987. Those wishing to use either Remington models 11-48 or standard 870, may now do so for our 2009 Shoot provided the gun still complies with Rules 2 & 3.

What constitutes a vintage gun at the 'Nimrod'

1) ONLY breech-loading side-by-side, pump, and *long-recoil* semi-automatic shotguns whose makers and basic models were built prior to 1951 will be eligible to enter on a competitive basis. *As such, gas-operated semi-auto shotguns are hereby excluded from competition. Over & under shotguns – generally coming in with the more modern era of manufacture – are herewith excluded competitively unless valid documentation is provided showing manufacture prior to 1941.* Further, a Winchester-designed Model 97, Model 12, or Model 42 pump shotgun must be of pre-1964 manufacture in order to be used competitively

(Exception 1: Note that there are NO 'vintage' gun requirements for the 'Short-Shuckers' subgauge pump event except Rules 2 & 3)

All shotguns will be limited to 10 gauge and smaller, throwing shot payloads of 1-1/8th ounce or lighter of American shot sizes #7-1/2 or smaller.

(Exception 2: Under our Short-Shuckers handicap system of bonus points, we require the use of industry-established, nominal charge weights for each particular sub-gauge...i.e., these are max. loads: .410 = 1/2 oz.; 28 ga. = 3/4oz.; 20 ga. = 7/8oz.; & 16 ga. = 1 oz.) Further, a .410 bore must use the 2-1/2" length shell in this event.

All other makes and models not fitting this description of 'vintage' can certainly be used in an event, albeit non-competitively, ...given that they also comply with following rules (2) and (3).....which are:

2) NO gun having either ported barrel(s), an adjustable stock of any form, or sporting a stock made of synthetic materials is eligible to participate in a sanctioned event.

3) A gun having interchangeable (screw-in) choke tubes IS permissible to use provided that they are not of the extended variety, and that they not be changed for the duration of that event (i.e. make your selection(s) prior to the shoot and stick with them).

4) Vintage-era choke devices such as were fitted on the older,

single-barreled shotguns (ex. Cutts Compensator, Poly-Choke, POWER-PAC, Weaver Choke, etc.) ARE permissible, and will be permitted their full range of use due to their vintage status.

5) 'Spreader' loads ARE permissible to use in any gun; and may prove advantageous for those older fowling pieces too tightly choked

Remember !! All events will be shot from the starting 'low-gun' position for those wishing to compete! See 'Rules' Section on the Web for further details.

Also, participants can again officially compete in both '100-target' events within the various categories listed below just as long as they do not compete in the same category, should they win it the previous day.

Example: A 'senior' shooter could win the 'Seniors' category for Saturday's '*Vintage Open*'and then compete again on Sunday, in say - the 'Sub-gauge' category or 'Hammer gun' category, but NOT within the 'Seniors' both days. The seven categories are as follows:

- 1) High Lady Shooter
- 2) High Senior “
- 3) High Junior “ **Note:** Vintage gun/low gun requirements are waived.
- 4) High Sub-gauge i.e. 16 bore & smaller, 7/8th oz. shot max.
- 5) High SxS Hammer gun (this subclass is open on Sunday only)
- 6) High Pump gun “ (this sub-class is open on Saturday only)
- 7) Best score shot with a light vintage field gun weighing no more than 6.5 pounds.....regardless of gun mechanism type.

These, in addition to: the trophies for Highest Score for Saturday's '*Vintage Open*'...or High score for Sunday's '*SxS Classic*'. To avoid any confusion, Please remember that this categorical awards system does NOT apply to either 60-target event held on Saturday morning.

Awards... Although the '*Nimrod Classic*' strives to place more emphasis on its camaraderie than competition, each 1st place winner *of their category* will receive a frame-able certificate and our small, golden target trophy; while 1st place juniors win a frame-able certificate and \$50. cash award.

The four 1st place winners of the '*Early-bird Warm-Up*', the '*Short-Shuckers*' *Sub-gauge*, the '*Vintage Open*', and the '*SxS Classic*' will receive frame-able certificates along with their respective Event Trophies.

Important Details: As in the past, only one 'high-score' Event Trophy may be claimed by any one shooter regardless of what other scores he or she may post over the weekend. In short, a second 'high-score' win will receive honorable mention at the Shoot and amount to 'bragging

rights' only. **Note:** There will be an awards presentation at the conclusion of each day's 100-target event to recognize our high shooters and various category winners that we'd encourage you to attend.

Displays... Many including myself look forward as much to the show pieces as the shoot itself so I encourage you to bring anything of interest.

Lunches... Lunch will be available on Saturday only -

?VOLUNTEERS NEEDED? As always, volunteers play a big part in making this weekend possible. If you feel that you would have an hour to spare at our registration table either Saturday or Sunday, we could sure use you to cover a single task job. Ones such as handing out name tags, or in simply adding a shooter's name to a score sheet. Just like at McDonald's, we can have you fully trained in under five minutes for these low-stress jobs that afford outstanding career opportunity !!! Oh, I should also mention that non-shooting volunteers receive a free lunch for that day. If interested, please contact us at (406)585-2228...or you can volunteer the morning of the shoot.
